They Organize to Boom Him for the l dential Nomination

FRIENDS OF BLAINE.

INDIANAPOLIS, IND., June 13.—The fact that a secret conference of politicians had been held here on Thursday having leaked out, Col. Conger of Akron, Ohio, the memout, Col. Conger of Akron, Ohio, the member of the Republican national committee who made the most significant utterances of the meeting, decided it was best to make public the facts of the meeting, although it had been the decision of the participants to keep the movements secret. Col. Conger said frankly the purpose was to organize the Republican friends of Blaine in Ohio. Indiana, Illinois, Kentucky, Wisconsin. Michigan and Kansas, in support of his nomination for the presidency. Some fifty or more politicians of national, state or local prominence participated in the conlocal prominence participated in the con-

NEWS ITEMS SCARCE IN AND AROUND THE CITY.

Those Recently East Speak Encouragingly of the Condition of the Markets and Ontlook for the Future.

General Notes Receipts of Texans at Chicago Thursday. 4248 cattle and 211 calves

The pork packers East claim that very heavy stocks of provisions are on hand everywhere, but they seem to want all the good hogs in sight, pevertheless.

Keep on shipping your thin stuff to mar-ket, else you won't have a blessed thing to kick about. Note the following from the National Livestock Reporter of Thursday: This morning the receipts were smaller than Wednesday, but amounted to sixty-one cars. The early market had a tendency to drag badly, and the inferior cattle were very slow sale, but later advices came in more favorable than early reports, and the market was steady to strong on good cattle. A large amount of common yearlings and mixed cow stuff found a hard market, although good cows sold strong.

Chicago reported 10.000 cattle Thursday, including 2000 Texans, and the market steady. Late report said good Texans were 10 cents higher. ***

Tom Shoemaker, buyer for the Fort Worth packery, got in yesterday from Southern Texas with 273 beeves. 10 cents higher.

Mr. John Andrews returned yesterday EMr. John Andrews returned, yesterday from the Chicago market, where he disposed of 150 head of choice fed cattle, his second shipment, at satisfactory prices. The cattle were sold through Wood Bros. He struck a Wednesday market, and there was a heavy run of cattle, but his bunch brought 84.40@4.50. Mr. Andrews is firm to the original state of the same cattle. n the opinion that the market will not demany grassers being run to market at pres many grassers being run to market at present, and Chicage people are advised that this heavy run of grassers will continue perhaps until July I. Mr. Andrews has in Hill county another shipment which he will not make until next month, and these, he says are the top of his former lots,

Mr. John K. Rosson returned resterday from Chicago where he had made a flying trip after having disposed of 250 extra good beeves on the St. Louis market through Scaling & Tamblyn. The general feeling, he says, among commission men there is that anything good enough for dressed beef that anything good enough for dressed beef is all right for good prices, and will sell well through the summer. Canners will sell as bad as did this class of stuff last year. After July 1 there is sure to be a further drop on all grades except good, fat beeves. Cattle from the Territory will start to move about the first week in July, and will by that time be in first class condi-tion for the market. Mr. Rosson is figur-ing on another big shipment within a few days, and leaves to-morrow for Southwe

Shippers from Texas of beef cattle to St. Louis and Chicago are much dissatisfied and are kicking, and the cause of this kick is in the fact that the railroads, they claim, are not doing the square thing in the matter of excess weight. For instance, John K. Rossen recently shipped ten cars, averaging twenty-four head to the car, and only 600 pounds to the car, twenty-five pounds per head, was deducted, when in all reason it should have been 1200 pounds, or fifty pounds to the head. It is claimed there is much wrangling at the yards on this account between shippers and the railroads, but it seems the roads come out on top.

J. W. Oliver of Dexter, Cowley county, Kan., a prominent cattleman and fourth largest land owner in Kansas, is in the city. Mr. Oliver has purchased a train of feeders in this state, which he will load out Mon-day for his pastures, and there feed them for the market later.
